Professional Objective

Seeking a challenging career in the quality environment where my technical skills and qualifications as a Mechanical Engineer can be shared and enriched and make a significant contribution to organization with strong work ethics and diligence.

Profile Summary

- A competent professional with over 4 years of experience in Mechanical Operations, Plumbing/ Drainage Operations, Industrial Engineering, Documentation and Technical Support.
- Expertise in managing the successful rollout of project & maintenance operations with answerability of defining scope, setting timelines, analyzing requirements, prioritizing tasks and identifying dependencies as per preset budgets.
- Hands-on experience in fire prevention and inspection activities, equipment maintenance, and imparting training related to all phases of fire suppression, prevention, inspection, rescue & emergency operations.
- Proficient in managing various activities like plumbing-drainage, fire fighting, heating, ventilation and air conditioning operations as well as the preparation of material submittals.
- Skilled in managing end-to-end testing & commissioning operations to reduce downtime & enhance operational efficiency.
- Experienced in performing inspection of field sites to observe and evaluate site conditions/feasibility for construction.
- A result-oriented individual with strong analytical, communication, interpersonal and organizational skills.

Education

1. B.E (Mechanical Engineering)	2013	Annamalai University
2. HSE (Computer Science)	2009	Kerala Board
