

# GUL SHAREEN KHAN

## Personal Information

- S/O : FAQIR MUHAMMAD
- Nationality: Pakistani
- Date of birth: 04-09-1988
- NIC #: 13504-0290303-5
- Passport #: HL4133031
- E mail address: [gulshareen\\_geo@yahoo.com](mailto:gulshareen_geo@yahoo.com)
- PAKISTAN Contact: **0092 3025130883**
- UAE Contact: **00971 508356612**

## EXPERIENCE

**AUG 2017-OCT 2018                      SHEIKH ABDUR RAZAQ & CO.                      PAKISTAN  
(SARCO)**

### **LAB TECHNICIAN /ASSISTANT MATERIAL ENGINEER (AME)**

- ❖ Currently working on highway project (*DUALIZATION OF KHANEWAL TO LODHRAN ROAD PACKAGE -1 MULTAN PAKISTAN*)
- ❖ Responsible to maintain daily work schedule and Lab Record.
- ❖ Perform all daily routine & Quality tests as per SPECIFICATION and Client demand. **(SOIL , ASPHALT & CONCRETE)**
- ❖ Asphalt Quality testing (Bitumen Extraction, Gradation, Asphalt moulds preparation and crushing to determine bitumen Flow , Marshal Stability & Lab density , determination of GMM (Max Sp.gravity).)
- ❖ Soil testing (Field density test (FDT), Gradation, Material Lab density (proctor determination).)
- ❖ Concrete Testing (on site slump test, Cubes crushing test, Quality control on pouring site).)

**Feb 2016 – Mar 2017                      SOIL TESTING SERVICES (STS)                      Pakistan**

As Field Geologist/Geological engineer served for client **K-ELECTRIC, HALCROW, EMAR, KANNUP, Defense Housing society (DHA)** Soil investigation projects in Karachi Pakistan. Main responsibilities concern monitoring Borehole and all drilling and geological activities, Site supervision, HSE etc. regularly transmitting of drilling progress report (DPR) and Core Recovery data to Client & **STS** head office, Lithological logging, prepare Geotechnical logs, Monitor **SPT,CPT,CORING**, Calculate **Core Recovery, RQD**, and **sampling** for Laboratory Testing.

**OCT 2014 – Sep 2015**

**DEEP ROCK DRILLING  
COMPANY (DRD)**

**Pakistan**

As Field Geologist served for **Sind Coal Authority & Engro Corporation** in Pakistan, at **Thar coal Field** (Sind) Pakistan, **Geological & Drilling Work for Chamalang Coal field Baluchistan** Pakistan (Exploration Project) by **Deep Rock Drilling private limited (DRDPL)**. Main responsibilities were monitoring Borehole and all drilling and geological activities, **Coring**, core descriptions, depth corrections and analysis. Sampling of interested zone according to client demand.

**APR 2014 – OCT 2014**

**OIL AND GAS DEVELOPMENT  
COMPANY (OGDCL)**

**Pakistan**

### **COURSES AND CERTIFICATES**

- Engineering Geology
- Soil mechanics
- Basic Mud logging & well site Responsibilities
- Coring, core description and analysis
- Lithofacies and their correlation
- Petroleum Geology
- Sedimentology
- Stratigraphy
- Well logging & Exploration
- Structural Geology
- Geophysics
- Field Geology

### **COMPUTER & LANGUEGES SKILLS**

- Microsoft Operating system Office & Excel
- Log plot software
- Geographic Software(Geological correlation)
- English Speaking course (Domino Institute)
- Team worker & good communication skills

### **EDUCATION /QUALIFICATION**

<b>BS. (GEOLOGY)</b>	Federal Urdu university Karachi Pakistan	2013
<b>F.Sc. (Pre Medical)</b>	BISE Abbottabad, KPK Pakistan	2009
<b>SSC. (Science)</b>	BISE Abbottabad, KPK Pakistan	2007
