Father name: Muhammad Bashir
Nationality: Pakistani
Date of birth: 30 july 1983
Passport no: AA 8022603

Intermediate: Govt zamindar college gujrat pakistan 2003

Land surveying: 1Years Diploma
QMA Jinnah Survey institute & professional education khewra pakistan

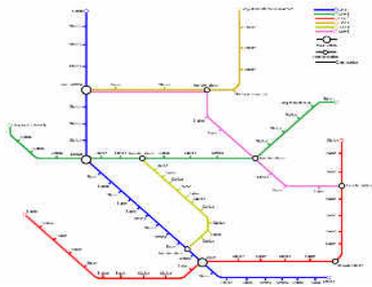

Attested from UAE foreign office

Survey Instrument Operated:

TOTAL STATION, AUTO LEVEL, DIGITAL LEVEL Leica DNA03 Level machine. Leice Software Power Paver Machine For Track Concrete
Leica (TS 11 , TS 15 , TS 16 , TS 50,55,60 NOVA)
Amberg technologies (Amberg trolley)
have training certeficates.
Also experienced in Nikkon and Sokkia Instruments.
Computer: Browsing, Survey Data import, Data Export.
Having a good experiance in (LEICA VIVA TS11,TS15,TS16,NOVA TS50,TS55,TS60),(DNA03)

Experience

Field Surveyor

FAST Riyadh Metro Alliance

09-April-2016 - Present

Project: Riyadh Metro Project Riyadh KSA

Responsibilities:

Hr & Vr network for Project with high accuracy

Asbuilt (Topographic survey) for track alignment with construction joint venture companies at different stage of project

Editing alignments

Create new alignments in Leica total stations serials (TS16 , NOVA TS 50 , NOVA TS 55 , NOVA TS60)

Leica DNA O3 digital level machine for Vr control network

Setting out of track foundation slab

Setting out of track center line offsets baseplates in the foundation slab

Track adjustment pre concrete

Post concrete also with Amberg technologies (Amberg trolley)

Land surveyor

Al reem capital contractor dubai

10-Sep-2015 - 22-Mar-2016

Project: Vantage tower jumaira village

High rise Bld.

Duties include:

Hr,vr control network survey for the building,hr,vr gridlines,grid line offsets, setting outs,perpose levels,offset,offset height, pre concretes for the building base and water tank base concrete,verticality control of the columns,walls,structures, building control monitoring checkings and reports,work inspection with the consultant at different locations of the site.

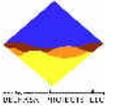

Civil Surveyor

Belhasa projects llc dubai

15-Jan-2015 - 06-Sep-2015

Project #1: Dragon mart extension project international city Dubai

Duties included:

Hr,Vr controls, perpose levels.

Trenches. infiltrations, firefighters, chilled water, stromwater, sewerage.

Installation pipelines, pipeline alignments HR,VR,.

Roads, Pipeline, MH, Trenches,

Project #2:

Me'Aisem city center mall project.

Duties included: Hr,Vr controls network, formations,roads, parkings,

interlocks, kerbstones, perpose levels ,setting outs, offsets.

Parkings,Interlocks, Kerbstones.

Field Surveyor

ALSTOM

Alstom transport dubai

15-May-2012 - 12-Jan-2015

PROJECTS: RTA Al-Sufouh Tram Project Dubai UAE And Dubai Downtown Trolley project Dubai Mall.

Duties included:

Control Network Survey- Horizontal and Vertical controls with Highly accuracy for setting out of slab, pre-con, post-con and final as built for track.

Import and export for the road alignment data in the Total Stations and making new alignments in Total Stations. Setting out of track centerline, form works offset, BR, BJ, SIG, and alignment points (TS, ST, SC, CS, PVC, and PVT)

Adjustment of track- alignment and level during pre-concrete, monitoring concrete and post concrete (smoothness of track) of straight lines, junctions and turnouts of the rail and final as built of track handovering to client.

Calibration of instruments – plummet, Track Gauge, Level machine and Total Stations.

DNA03 for Vertical Control network.

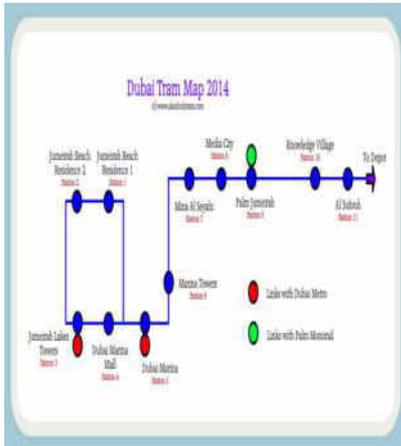

Download and Process of survey data of as built Slab, Pre-concrete Post-concrete and final as built of track and Turnouts.

Using and editing for setting out of alignments data.

Inspection with consultants at different stages of construction (checking control points, Pre-concrete and post-concrete).

Carrying out joint surveys with different companies working in same project.

Making Survey Reports of (slab as built pre-concrete, post-concrete and Turnouts).

Land surveyor

Ascent associates of constructions pakistan

2011 - 2012

Project : Defense Housing Society Lahore.

Duties Included.

Leveling, (vertical shifting)

Setting out, (Grid line, HV Distance, offsets, offsets height)

Having a good knowledge in surveying solutions.

Land Surveyor

DESCON ENGINEERING ABU DHABI

22-Dec-2008 - 11-June-2010

Project: Hasb Gas plant phase2 Abu dhabi

Duties included:

Hr,Vr controls, perpose levels.

Footing for the Structures, Structure setting out,rack setting out with high accuracy for the verticality.pipe lines supportings,pipe line adjustments,pipeline alignments HR,VR, adjustments of the big Dia pipeline elbu,volves.

Have a work experience in air seprate units,demethonisers,boilars with seffety.

Have a brouge seffety induction certificate

Surveyor

Al Bahja Constructions Engineering & Trading Co. LLC

May-2007 - June-2008

Project: Sohar highway Falaj al qabayal extension project.

Road,pipe line

Duties Included:

Established New Control Points

Shifting Control points with a high accuracy. Leveling with auto level.

Profile, long sections, cross sections. Cutting, Fillings Process.

Embankment, Grade, Sub Grade, Asphalt. Manual Calculations.

Setting Out Road track lines.

Junior Surveyor

FWO (Frontier work organisation) Pakistan

2004 - 2006

Project: Karakarum Highway Jhalkhad Road Mansehra Pakistan.

Duties Included:

Established New Control Points

Shifting Control points with a high accuracy. Managing Survey teams as technical support. Leveling with auto level.

Profile, long sections, cross sections. Cutting, Fillings Process.

Embankment, Grade, Sub Grade, Asphalt. Manual Calculations.

Setting Out Road track lines. Data downloading processing.
