

## Mustafa Youssef Aly El Masri

---

- Available in UAE (Dubai as residence visa) | 0509724673 | [mostafayoussef516@gmail.com](mailto:mostafayoussef516@gmail.com) .

- Available UAE driving license , Qatari license .

### Objective

TO pursue a challenging career in a prestigious organization having attractive working environment, prospects of learning and growth, in-line with educational qualification, skill, proficiency and experience and to utilize my capabilities to the fullest to improve and excel.

### Management

More than six years of experience in engineering, always seen as positive and enthusiastic team player with a steep learning curve specially in the field of roads and infrastructure .

### Experience

#### • **project Engineer | dx Contracting one the companies of rak Group in Dubai** **From September 2018 – till now.**

**Projects accomplished : ic2 ( pr004 )worked in a project awarded by nakeel in international city the project value 12 million dirhams .**

- **Reporting to the project manger**

- **Project scoop** :protection for 132kv trough , providing spare ducts , protecting of existing potable water line Ac and replacing pipes with steel sleeve , protection of du and etisalate lines , fixing tiles and kerstone for the protected areas , installing of 3 km of GRE pipes including the chambers , installing 2.8 km of foul sewer line .

#### • **Senior Site Engineer | BinOmran Trading and Contracting in Qatar** **From May 2014 – August 2018.**

- grade A company in Qatar responsible for construction of roads and infrastructure of the world cup projects
- **Projects accomplished : ( west el meshaf ) project value 1 billion Qatari rail,**
- **Duration from may 2014 to November 2016**
- **Reporting to the project manger**
- **Project scoop** : this project serve the roads and the buildings leading to el wakra stadium
- performing at the site the execution of different types of utilities and drainage systems : Foul Sewer Lines, Potable Water , TSE , Ground Water Lines , Laying and excavation. of low voltage , medium voltage , high voltage and extra high voltage ,street lighting , CRA , QAF, SSD , storm water line .
- Worked all the process of traffic system from the beginning of laying ducts, chambers, controller signal poles, gantries foundations and installations , loops under the wearing course )
- Different systems for storm water networks .
- Micro tunneling .
- Construction of under paths with all the structures included .
- Road works including the hardscape and the landscape .
- Executing all civil and mechanical activities concerned to the previous items .
- **el khartiat ( dn1007 ) : project value 1.2 billion Qatari rial,**
- **Duration from November 2016to August 2018**

- **Reporting to the construction manger**
- **Project scoop :** project serve the roads and the buildings leading to elrayan stadium
- Mainly these project contains 12 km of microtunnelling to insert Rc pipes dia between 1200 to 400 m and executing of the subsidiary network with length of 55 km which is connected to the shafts serving local buildings , making relocations for existing potable water line and cables and telecommunications lines , excuting of road works including hardscape .
- **Remco Group ( owner of steela abd el rahaman north coast Egypt )**
- **From May 2013 – April 2014**
- Worked it construction of villas , interior finishes , foul sewer , potable water lines , construction of ground tanks ( swimming pools ) including water proofing , and curing of the concrete by chemicals adds .

### **Communication**

- Monitor and report to Construction Manager/Project Manager of day to day activities, including progress, risks and opportunities.
- Ensures all changes to specifications, work scope and drawings are documented and Define clear roles requirements coordinating between the planning team and the technical team giving technical advise and assessment .
- Following and implement quality control programs coordinating with QA/QC preparing the attachments if required .
- Obtain & follow ups for all necessary permits and licenses at different types of utilities .
- Requisition supplies and materials to complete construction activities by submitting mr or from the bite cash of the projects with coordination with the management .
- Ensuring the organizations safety procedures & policies are followed and performing it .
- Identify all issues in team and provide continuous support to all members according to operating standards.
- Supervise effective working of production personnel and prepare effective production schedules and ensure compliance to all company policies.
- Coordinate with equipment and process teams ensuring compliance to all protocols and maintain quality.
- Manage and prioritize all production processes and implement all production plans.
- Raise and follow up on all inspection requests in order to claim the most possible and assist in the preparation of the bills.

### **Education**

- Bachelor in Civil Engineering  
University of Alexandria for Engineering  
From Fall 2007 – Spring 2012
- High School Diploma – Mathematics Sector  
SLS school of Alexandria,

### **Skills:**

- Languages:Arabic and English (fluent ).
- Computer:Microsoft Office, AutoCAD, SAP, civil 3d(professional) , Autodesk Storm and Sanitary Analysis 2018 (can work as a technical engineer to implement my experience at the site)

### **Other Skills:**

- Scaffolding Inspector.
- Confined space competent person.
- First aider
