

AJISH AJOEL ABRAHAM

TARGET POSITION: SITE ENGINEER (ROAD / INFRASTRUCTURE WORKS)

To join a progressive organization as this provides me the opportunity to improve my skills and knowledge to grow along with company's objective. An enthusiastic fresher with civil engineering background who is highly motivated and possess leadership skills.

I am a **professional Civil Engineer** with 6 months experience as a trainee site engineer at a private firm located at Bangalore, India. They specialize in interior works as well as renovation projects. The company where I have spent these 6 months of being trained as site engineer is NPR Pvt. Ltd.

I am currently pursuing my **M.Sc. in Construction Project Management at Heriot-Watt University**, Dubai Campus which is **RICS accredited** and I have certified computer knowledge in Primavera, AutoCAD 2D, 3DS Max, Revit, Autodesk Quantity Take-off and I also have skill to work with any given application in Windows and can also work with Microsoft office such as Excel, PowerPoint, Word. I have also received ICDL Certificate from Higher Colleges of Technology, Al Gharbia, UAE.

I have completed my **Bachelor's degree in Civil Engineering** from Karunya Institute of Technology and Sciences, Coimbatore, India. I always wanted to gain knowledge and expertise as much as I can and has very deep and strong interest in sustainable construction in Infrastructure and road works as that is my expertise.

I am impressed that your organization is way ahead of any other organization in terms of development and the number of projects. I believe I possess the necessary skills and experience you are asking and I do have **UAE driving license and Valid Visa** as of now. I believe would make a valuable addition to your company and prove to be an asset to your organization.

I have deep thirst for knowledge as well as practical expertise and would work hard to achieve goals.
